

Thank you for the tour of the school and to meet some of the masters; not forgetting Harry and Josh, the two prefects who showed us around and introduced us, please thank them again on our behalf; I suspect Harry in particular will do well in life. It was good to see and feel the enthusiasm which exists at the school, although somewhat diversified from my days which were totally aimed at producing Merchant Navy Navigating Officers.

I have taken the liberty of attaching a photo of myself aged 14 in Year 3 (3Y), Mr Young was my form master, the school uniform now would be much kinder to both students and parents.

Thanks again,

Joe & Ursula Murphy
