Dear Families,

Through our tracking of students' online engagement we are aware that some families may be struggling with using large amounts of mobile data in order to enable students to access their online provision. The government has a scheme which allows for temporarily increasing data allowances on some mobile phone networks, as follows:

- EE
- O2
- Sky Mobile
- SMARTY
- Tesco Mobile
- Three
- Virgin Mobile
- Vodafone

The scheme is open to students in Years 7-11 who:

- do not have access to a [fixed broadband connection](#) (the request may be unsuccessful if the account holder also has broadband)
- cannot afford the additional data needed to access educational resources
- have access to a mobile device that uses a participating network
- are facing disruption to their face-to-face education

If you match these criteria could you please complete this form at the link below to allow us to request additional support on your behalf:
