

## French

Curriculum Intent	<p>The purpose of the French curriculum at LNS is to ensure that your child gets the opportunities to develop and practice their knowledge of French, whilst following an ambitious and culturally enriching curriculum plan that incorporates the different skills required for being literate in a Modern Foreign Language: Speaking, Listening, Reading and Writing. The curriculum plan for KS3 follows the national curriculum plan for Languages to ensure pupils can be successful in their learning. The curriculum incorporates grammar and vocabulary as well as linguistic competence. Students will, in their lessons, aspire to use the 4 skills assessed to improve their knowledge and communication in Listening, Reading, Writing and Speaking. Students will study different topic areas as well as authentic materials such as poetry and literature to enhance their cultural awareness and will also study the French speaking world to ensure pupils are successful and responsible.</p>
