

Philosophy, Religion and Ethics

Curriculum Intent	The purpose of the curriculum is to help to raise pupils in an open minded fashion that expands their understanding of the many belief systems that are represented in London in the twenty first century (Christianity, Islam, Judaism, Hinduism, Buddhism, and Sikhism and Humanism) . Pupils discuss religious, philosophical and ethical issues and learn to develop discursive skills. Engaging with P.R.E. will aid pupils in becoming respectful, responsible citizens.
